MEMORANDUM FOR: Deputy Director for Science & Technology  
SUBJECT : Ceiling Positions for the Office of Joint  
Computer Support

Carl:

1. As you know, we have been wrestling with the question of both positions and money for the eight OJCS personnel located in various DD/S&T offices. You were sufficiently aware of this problem to provide us with funds for the salaries of these individuals during Fiscal Year 1975.

2. We have endeavored to resolve the slotting problem within the DD/A. As a result of our own efforts, we are able to provide an additional three positions to OJCS to partially cover the requirement. Unfortunately, this is as far as our requirements will permit us to go. I would greatly appreciate you reinteresting yourself in this matter and see if there is some possibility within your Directorate of locating and transferring to us the remaining five, additional ceiling positions. Under the existing single ceiling concept, we would be happy to accept contract as well as staff ceiling or a mixture of both.
